

6/14/19

Dear Parents,

I can't believe another school year has come to a close, and summer has already arrived. Even though the school year has ended, there is still some work to be done. This year most of the grades are going to receive summer learning packets.

The fourth grade packet includes a book report and timed multiplication facts sheets. There are three books on the list this year and the student only has to choose one book for the report. The three choices are: The Sign of the Beaver, Sarah, Plain and Tall, or The Fantastic Mr. Fox. Also encourage your child to practice their math skills and language arts skills on **IXL**, since they all have an account. This packet is designed to help the incoming fourth graders review and reinforce their learned skills. Please encourage your child to work on the summer packet throughout the summer and not wait until the last minute and become overwhelmed with the work.

This packet is due the first day of the new school year. It will be the student's first graded assignment of the new school year. Have a wonderful summer and I look forward to seeing you August 27.

Sincerely,

Ms. O'Brien

Book Report

1. Title:

2. Author:

3. Name 2 characters in this book. Write a sentence about each one.

1. _____

2. _____

4. Tell where this story takes place. Write a sentence to describe the setting.

5. What is the problem in this story?

6. How is the problem solved?

Name _____

Skill: Book Reports - Story Elements

Book Review

Title: _____

Author: _____

1. Retell the story in your own words. Be sure to include the characters, setting, beginning, middle, and end.

2. Tell what you liked most about this story. Tell why and give examples from the book.

Name _____

Multiplication Facts Log

	Score	Time	Parent's Signature	Date
1				
2				
3				
4				
5				

Please practice throughout the summer to help your child memorize their multiplication facts. Check and record score and time on the above log.

Goal: No more than 5 mistakes in 6 minutes
